Airline Pilot Training Endorsement

Air Hawke's Bay has been appointed as an Air New Zealand Aviation Institute Flight Training Organisation (FTO) Partner. This was achieved through a rigorous selection process to validate training programmes and quality systems, and to confirm the ability to adopt airline-styled selection criteria and training standards. The advantages for joining this NZQA approved course are:

- Industry aligned qualification
- Likely to succeed as you would of have met an airline styled entry criteria for selection
- Joining a flight training programme designed to produce commercial airline pilots
- Interaction with professional personnel from day one
- Be Air NZ's preferred low-hour candidates for turbo-prop first officer positions in times of high demand for new pilots

Minimum Entry Criteria:

- Be 18 years of age
- Aviation Class 1 medical
- Competency in spoken and written English
- NCEA level 3 or
 - Trade qualification
 - PPL exams
- Fit & Proper Person
- Demonstrate ability to complete entire programme
- Previous experience in aviation would be an advantage
- All applicants will need to undertake a pre screening online Pilot Aptitude test. Thereafter suitable applicants will be invited to an interview.
